LETTER FROM THE EDITOR

RESPECT IS EARNED NOT GIVEN

AS THE EDITOR OF CRUSH I WOULD ASSUME MOST MEN THING THAT I LIVE THE "HUGH HEFNER" TYPE OF LIFE. A BIG MANSION, CELEBRITY STUDDED PARTIES, MODELS AROUND ME ALL THE TIME AND ALL THE OTHER ICONIC IMAGES THAT WE CAN PICTURE IN OUR MINDS ABOUT THE ORIGINAL PLAYBOY.

BUT THE FACTS ARE I AM NOTHING LIKE HIM. MY LIFE IS NOT A PARTY AND WHEN IT COMES TO WOMEN, THE FIRST THING I THINK OF IS THE LATE, GREAT ARETHA FRANKLIN'S BIGGEST HIT R-E-S-P-E-C-T.

I WAS RAISED BY A SINGLE MOTHER WHO TOUGH ME THE VALUE OF RESPECT. IT IS SOMETHING THAT IS EARNED AND NOT GIVEN. WITH OUT THE RESPECT OF PEOPLE WE CANT GROW, OUR LEGACY IS NEVER LEARNED, AND EVENTUALLY YOU BECOME THE ONE PERSON NO ONE WANTS TO BE AROUND AND YOUR CASTED AWAY.

RESPECT FOR MAN KIND IS THE KEY TO SUCCESS AND SHOWING AND LIVING IT EVEN WHEN THE SPOTLIGHT IS NOT ON YOU IS THE HUMBLEST QUALITY A PERSON CAN POSES.

BUT NOT JUST MAN KIND, BUT WOMAN SPECIFICALLY DESERVE OUR RESPECT.

AS MEN WE HAVE A ROLL IN THIS WORLD THAT GOES BACK TO THE BEGINNING, TO PROTECT AND HONOR WOMAN. THE SAME WAY YOU RESPECT YOUR MOTHER, GRANDMOTHER AND WIFE IS THE SAME WAY YOU SHOULD RESPECT ALL WOMAN.

ITS NOT THAT WOMEN ARE THE WEAKER SEX, ACTUALLY IN MY VIEW THEY ARE THE STRONGER SEX AND WITH THE ABILITY TO CREATE LIFE AND STILL DO ALL THAT A MAN CAN DO, ITS THE OBVIOUS CHOICE TO RESPECT WOMEN ALL THE TIME.

NOT ONLY MY MOTHER, BUT MY GRANDMOTHER AND SISTERS WERE INFLUENCERS IN MY LIFE AND THE WAY I TREAT WOMEN AND THE RESPECT I HAVE FOR THEM.

SCARLETT DAWN

AND HER FLUFFY NEW UNICORN

INTERVIEW BY: ROBERT WHITE

Where were you born and raised?
I was born at St. Joseph's hospital in Tampa Florida and brought home to Land O Lakes on the outskirts of Tampa. I was raised within the Tampa Bay Area, I have lived here my whole life!

What is your nationality?
I am pretty sure I'm a mutt.... the story my dad tells me is my family has a knack for being exiled and moving to the next town to cause trouble, and this is why it is difficult to trace back our roots. All I know if where my family was first kicked out of!

Where do you currently live?
Well Tampa Florida of course LOL

Men all over the world are going to see you in this magazine and be crushing on you... How does that make you feel?
I'm not sure actually, I am pretty accustomed to being desired ;) Although, I refuse to let that get to me head.....

Do you have a crush on a celebrity or public figure, if so who? Why?
Always has been and always will be Jason Statham. I think it has a lot to do with his role as a bad ass in like all of his movies lol and definitely his accent.

Do you ever get mistaken for someone else or told you look like a celebrity?
OMG! Yes, I get people coming up to me all the time and they always say, Nothing! Ha-ha Because I don't look like anyone except me! I am my own celebrity. Ha-ha

Tells a bit about you and the girl behind that amazing smile?
I love animals and walks by the river. I listen mostly to country and rock unless I'm drunk (then I get a little gangster lol) I'm really into comic books, and love doing photography. I am a Sagittarius, and always myself; nothing more and nothing less.

What do you do for a living? Do you have kids? Pets? What is your day to day like?
I actually model for a living, but aside from that I have a variety of skills that allow me to always work for myself, not under the thumb of someone else. I used to be known as the Rat Lady because I had seven pet rats. I will always have pet rats but think a more fitting title would be the Rodent Queen because now I have a pet squirrel! I also have a Pitbull I named Sir Duke, and my cat Pepe Le Pew. My day mostly consists of time spent with my fur babies and outside with Mother Earth.

What do you do for fun? When you're not stopping traffic.
For fun I like to do photography, gardening, care for my pets, go for walks, and sometimes I like to socialize lol

What is the craziest thing you have ever done?
Um, I try to exceed my own personal record for crazy things to do and I can't remember my last episode.....

Name three things on your bucket list?
My bucket list literally consists of being naked everywhere. That's it.

If you have a million dollars what would you do with it?
Honestly, I'm not material˙stic and would most likely be smart with that kind of money. Whenever I have extra cash to spend though, I always spoil my pets and buy books, and

to spend though, I always spoil my pets and buy books, and MAYBE something for myself (usually unnecessary necessities)

What is the one thing your proudest of?
My adaptability to my surroundings and ability to think on my feet.

Tell us about one fantasy?
I have always had this weird fantasy about getting it on in a Grungy Gas Station Bathroom with a line of people outside waiting and I have to be really quiet so they don't know ha-ha

What kind of guys/women get your attention? Describe him or her.
I like Brunettes. The type of ladies that are the dominate types with bright red lip stick and they must have a big butt! Ha Ha But if I am talking about guys, I think the editor of Crush, Robert White is a freaking hottie!

What is the best pick up line you have ever heard?
Did you know that they rearranged the alphabet? I said No and he replied with. Yes, they thought U and I should be together. Ha Ha it was pretty clever and made me laugh.

What is the worst pick-up lines you have ever heard?
Definitely I have heard that stupid one about falling from heaven. Someone actually said that to me once.

Tell us something about you that is different or rare?
Il have more tattoos and piercings than it looks.

Do you have a secret talent?
Well Id say I have a couple secret talents. I am secretly devious without causing suspicion and well the other secret talents only my future husband and/or wife will get to experience (wink)

Name one part of your body that gets a lot of compliment from others.
Il get tons of compliments on my eyes. I have the most amazing green eyes. Even I love them! But a close second is my booty. Its kind of round and super nice. So, I have been told (wink)

What is your favorite part about you?
Well I can't lie, my favorite part about me is my butt as well. Il am so proud of it. Its like my perfect little asset. Literally! But honestly, I love my personality the most I am very kind and adore everyone. I often will do anything for anyone that is deserving.

Name three things you can't live without?
Oxygen, Food, and Water.

What would your dating website profile headline be?

INTERVIEW BY: ROBERT WHITE

PHOTOGRAPHER / STEVEN HARVEY

Men all over the world are going to see you in this magazine and be crushing on you...How does that make you feel?
It makes me happy. When I was younger, I was bullied heavily for being the 'ugly goth duckling' of the group. I kept my hair in my face and my head low, I never thought anyone would ever find me even remotely attractive. When I found modeling, I was asked to model inside a sewer main because my friend was trying to show beauty in all locations. I thought, well no one else would do it, why not me? So, I took the photos, and everyone seemed to love them. After that, I got hooked on modeling. It gave me a huge confidence boost and knowing that people now see me for me: a fun loving and happy person - that makes me very glad.

Do you have a crush on a celebrity or public figure, if so who? Why?
Oh man, I absolutely love both Brandon Lee and Peter Steele. The goth in me fell in love with Brandon Lee in the Crow and I have lusted after that man for years. The passion he put out in that movie for his love - Shelly, would make any girl want him. And as for Peter Steele, well, if you are goth you instantly love Type O Negative. It is like saying 'oh I'm goth and don't like The Cure' it doesn't happen. Both of those bands are in your blood. Peter Steele with that long hair and seductive lyrics... he is certainly any girls dream. Too bad both have sadly passed away... I wish I could do a photoshoot with them in their prime.

Do you ever get mistaken for someone else or told you look like a celebrity?
I get told quite a bit that I look like top Alt Model - Dani Divine. We both have similar facial features and both primarily model Latex. We actually got confused when we both modeled for the same brand, Latexion. The only difference between us really is cup size. I'm a B Cup and she's obviously DD.

Tells a bit about you and the girl behind that amazing smile?
I am an artist creating fine art oil paintings, I mostly focus on the nude female form because I find it most aesthetically pleasing to paint; nothing against the male form, but it is just too blocky, and I find it harder to paint. I also listen to metal religiously and love cats and possums with a passion!

What do you do for a living? Do you have kids? Pets? What is your day to day like?
I work 4 jobs currently and go to school full time taking 6 classes per semester. I somehow find the time to keep up with social media and photoshoots, and I have no idea how. I usually sit in my room painting when I am not working with my kitty on my lap and watch ghost adventures while I paint.

What do you do for fun? When you're not stopping traffic.
For fun, as silly as it sounds, I go ghost hunting! It has been a dream of mine to be on the TV show Ghost Adventures. I have no idea how to make that dream possible, but whenever I get a free day, you can usually find me at the Whaley House in San Diego, the Calico Ghost Town, or Devil's Gate. One day I want to go up to San Francisco and hunt for ghosts at the famous Winchester Mystery House. Other than that, I go to concerts a lot. If you're ever at a concert and are looking for me, check the mosh pit.

What is the craziest thing you have ever done?
Craziest? I went into a wall of death once when I was around 14 or 15. I can still remember the concert, it was for a band called The Bled. I jumped in the front lines and mind you, I am very short, about 5'4, so at that age I must have been about 5'2; the band gave the cue and I came running at this huge metalhead pushing 300lbs and nearing six foot. He slammed me to the ground and bloodied my nose. I got so angry I jumped on his back and took him down with me. Past that, I think I am a pretty mild person lol.

Name three things on your bucket list?
I want to go to Europe and paint and study art in the footsteps of the old masters.
Travel to every major haunted location in the United States.
Model with my apparent twin, Dani Divine.

If you have a million dollars what would you do with it?
A million dollars is a lot of money; I feel like I would use it wisely and buy a modest home and put the rest into savings after I buy myself a trip to Europe and a pair of Louboutin red bottom heels.

What is the one thing your proudest of?
I am most proud of the fact that I will be graduating from art college this year with a bachelor's in fine arts. With this degree I have already drawn the covers for two books, one of which was the cover for the comic book Lady Death for the San Diego Comic Con exclusive. I feel like with a little determination, I can do anything with my art.

Tell us about one fantasy?
For someone who wears as much latex as me, I love being dominated. I think it is because since I work so much and do so many things, I feel like I am in control 24/7 and it stresses me out. I like someone else taking that control away from me for a while.

What kind of guys/women get your attention?
I adore men with long hair and blue eyes. Always have. Long hair just seems to attract me right away. I also love men who can talk music with me and who do not get intimidated by me. I have been told I am a crazy personality, I am constantly doing new things, going places, and learning new skills. If you can't keep up, then don't bother.

What is the best pick up line you have ever heard?
I have never heard a good one, but the most humous to me is "If you were a pirate, would you want a parrot on this shoulder *points to right shoulder* or this shoulder *reaches around and holds you from the left shoulder*"

What is the worst pick-up lines you have ever heard?
Nearly everyone. But if you try to get my attention by telling me how great and wonderful you are or trying to flatter me by saying 'oh you are amazing, the best, etc. it is a huge turnoff. I hate pompous and fake people.

Tell us something about you that is different or rare?
I am currently learning how to eat/breathe fire. Since I have none of the equipment, I am learning all by myself through trial and error in my house. If my house burns down, you know why!

Do you have a secret talent?
I like to consider myself a conspiracy theory expert.

Name one part of your body that gets a lot of compliment from others.
My nose! I laugh at my nose a lot because I think I broke it when I was a kid, but everyone tells me it is really cute, so I have grown to love it.

What is your favorite part about you?
I love my nails. I grow my nails out really long and file them myself. In a world of acrylics, it is nice to have acrylic length nails without all the hassle.

Name three things you can't live without?
My cat, coffee, and bacon.

Let's do some rapid-fire questions about sex!
